RE: DA2022/0971 - 0 Sydney Road MANLY NSW 2095

Good afternoon, As there are very few areas in Fairlight for children I would like to suggest a playground to be included in the area that is to be demolished. There is a small play area there at present which my granddaughter loves however it is unkept and very dirty. The swings in Gilbert Park are not suitable for small children as they don't have supportive backs. I am sure a playground facility in the park would encourage more families in the area to picnic and enjoy the wonderful area of Ivanhoe Park. Thanks Jenny Paterson
