RE: PEX2025/0001 - 13 Wilga Street INGLESIDE NSW 2101

To whom it may concern.

I am extremely opposed to this application to build 596 homes in an area that cannot handle the increase in traffic due to lack of road and services upgrades. Powderworks Road and Garden St Narrabeen have become terrible both in terms of traffic (especially on weekends) and the current state of the roads themselves. Mona Vale Rd is still a dangerous and neglected section of road between Powderworks Road and Terrey Hills. This will create even more increased traffic to the area as well as damaging nature corridors to an area that already has wildlife being killed almost daily from the expansion of the Northern Beaches.

Regards,

Mitchell Lewis
