RE: DA2022/0928 - 77 Clontarf Street SEAFORTH NSW 2092

Can you advise on the new windows to be installed at W3.1,W3.2,W3.3 and W3.11. I cannot determine from the Master plan the following:

Are these louver windows?

Will these be clear of frosted glass?

If clear will there be internal coverings.

What will be the lighting in the ensuite, bathroom and stair well?

thanks

thanks

Craig
