RE: PEX2025/0001 - 13 Wilga Street INGLESIDE NSW 2101

I OBJECT to this application

There is no reasonable consideration of 1000+ cars being added to the already overrun Powderworks Rd whether entering Mona Vale Rd and nil for access to Garden Street/Pittwater Rd.

In addition, with no improvement to Wakehurst Parkway an additional 500-1000 cars will be battling to enter Mona Vale Rd every time it rains.

There is little regard for the safety of residents in the case of bushfire, with little consideration for residents further along Dendrobium, Caledonia and Mirbella.
