RE: DA2019/1340 - 100 / 0 Meatworks Avenue OXFORD FALLS NSW 2100

My child attends OFGS. It's a lovely school in a beautiful location. This development will spoil this special area. It is not suitable for large amounts of traffic. There are no pedestrian crossings around the school and very little parking. This development will make everything worse. Brookvale is not far and is already industrial and over developed. Fortunately it is not very residential. Please don't spoil Oxford Falls. We love that it appears like the countryside, whilst not being far from the city.
