RE: Mod2014/0225 - 56 - 58 Glen Street BELROSE NSW 2085

The changes to plans for the GLENROSE REDEVLOPEMENT WILL DIRECTLY IMPACT MY FAMILY AND MY PROPERTY. Our property backs the Centre and while we obviously knew the shopping centre was there when we purchased our home 16 years ago we considered it not to be a deterring factor .However over the years and constant chaniging of development applications we are now aware that the CENTRE will be 2 meters higher and come to the boundry. Thus we will have no to privacy in our yard and noise and car lights in the car park will shine into our bedrooms-our privacy will now be non -existent . Also the building of a path that will now run behind our home means there will be a consideratley large amount of 'FOOT' traffic therefore also impacting on our privacy. While we agree that changes to the centre are needed it SHOULD NOT be to the detrement of local residents such as ourselves .

PLEASE TAKE OUR SUBMISSION INTO CONSIDERATION.

Thankyou

Lisa Coleman
