RE: PEX2025/0001 - 13 Wilga Street INGLESIDE NSW 2101

I object to the proposed development.

This development will adversely impact on our St Sava Serbian Orthodox church in Ingleside.

Our existing rights must be preserved.

There are 160 children currently attending regular dancing classes, Serbian language classes and orthodox Christian scripture classes in the St Sava Serbian Orthodox church grounds.

We do not want to lose any land or access to our land with this proposed development.

If this development does get approved we require a buffer zone created by having streets around us.
