RE: DA2019/0409 - 1113 / 752038 Oxford Falls Road FRENCHS FOREST NSW 2086

Dear Sir/Madam,
1113 / 752038 Oxford Falls Road FRENCHS FOREST NSW 2086
(DA2019/0409)

I'm appalled that there is yet another DA threatening the rural serenity of the Oxford Falls area.

It seems that endless proposals have been submitted for this parcel of land for the last ten years. This latest one is for what is effectively a mid size block of flats, despite the zoning, the bushfire problems, the rural nature of the area and the unsuitability of the location for over 55s living (being so far from transport and the shops). The proposal is for a high density in a low density zone!

I urge Council to reject it.

Yours sincerely,
Bruce Cohn
