**RE: DA2019/1340 - 100 / 0 Meatworks Avenue OXFORD FALLS NSW 2100**

The traffic around OFGS School will increase what is already a very busy and dangerous road for OFGS. More cars on these roads after construction as workers park and go to work will increase risks to children. Also the impact of additional congestion, pollution and air quality so close to the school for children is a major concern.

During construction, the roads and traffic by the school will be a serious problem. Lorries, heavy goods vehicles and noise will be untenable.
