RE: PEX2025/0001 - 13 Wilga Street INGLESIDE NSW 2101

I object to any changes to the current zoning of this area. There has been numerous attempts to change the zoning of areas just further north of this has failed due to the condition of Powderworks Road. This road cannot be upgraded due to how narrow the road is and absolutely no scope to widen it at all. As it is the main connection between Elanora Heights and the main shopping and transport precincts, the increase in traffic on Powderworks Road would be diabolical.
