RE: DA2023/0720 0 Vista Avenue BALGOWLAH HEIGHTS NSW 2093

We live very close to the tennis courts at the rear of the club and have concerns about noise at night time which will carry through an otherwise very quiet neighbourhood in the evenings. We are also very concerned about light spillage and general light spread in addition to noise to those homes which are extremely close to the proposed ighting. It will negatively impact amenity of homes in the area
