RE: DA2023/0720 - 0 Vista Avenue BALGOWLAH HEIGHTS NSW 2093

I am writing to express my wholehearted support for the installation of lights at Bareena Park Tennis Club. Having been a resident in the area for 15 years, I strongly believe that this addition would greatly enhance the opportunities for recreational activities for families like mine.

Bareena Park Tennis Club is a remarkable establishment, and I have personally experienced the welcoming atmosphere and the respectfulness of its members. With the installation of lights, this club has the potential to offer even more to its community, allowing families to enjoy quality time together at their convenience.

One of the primary reasons for my support is the limited options available for family-friendly activities in our vicinity. By introducing lights to the tennis courts, we would have the flexibility to engage in tennis matches and other related activities during the evenings, after school and work hours. This would not only promote a healthier and more active lifestyle for families but also provide an opportunity to strengthen family bonds through shared recreational experiences.

It is important to note that the installation of lights at Bareena Park Tennis Club would not have any adverse effects on the surrounding areas. The club's respectful members understand the value of being considerate to the community, ensuring that the lighting would be implemented in a manner that minimizes any potential disruptions to the neighborhood.

I kindly request you to seriously consider and support the installation of lights at Bareena Park Tennis Club. By doing so, you would be contributing to the well-being and happiness of numerous families in our area, providing them with a wonderful outlet for spending quality time together.

Thank you for your attention to this matter. I trust that your decision will reflect the interests and aspirations of the local community
