

To Whom It May Concern

21 September 2021

Reference : **Proposed Development**
18 Libya Crescent, Allambie Heights NSW 2100
Preliminary Geotechnical Report

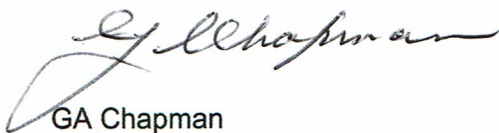

Dear Sir/Madam,

In relation to the above referenced matter I prepared and submitted a Preliminary Geotechnical Report dated 17 June 2021.

I have recently been supplied by Cape Cod Australia with detailed working plans in relation to modifications to the original design of the proposed development, with those revised working plans being notated as "**Version/Issue F**".

The modifications to the proposed development as shown on the revised plans of Revision F **require no amendment to the Preliminary Geotechnical Report dated 17 June 2021.**

Yours Sincerely

GA Chapman
