RE: DA2023/0720 - 0 Vista Avenue BALGOWLAH HEIGHTS NSW 2093

As a member of Bareena Park tennis club and regular player I totally endorse the club's submission to install lights. They will allow all the working members/families to use the club in the evenings. We have had an enormous increase in family registrations in the past few years which is an indicator of just how popular tennis is as a family past time. Tennis provides a great opportunity to get children off screens and families to get exercise together, however at present these members are time poor and their access to courts is limited due to lack of lights. In addition coaching could extend its hours and maybe we could have tennis teams for the first time in years. The plan is that lights will all turn off at an agreed time and none will be used on Sundays. The club would obviously introduce codes of conduct re parking and noise level to ensure that our neighbours are not disturbed. As the only club in this area without lights we feel that we are at a disadvantage in what we can provide for our members/neighbourhood if we cannot move ahead with this project.
