Subject: Proposed Development: Application No. DA2023/0720

Attention: Olivia Rampage, Planner,

In regard to Application Number DA2023/0720, Lot 1431 & Lot 1432 DP 752038 Vista Avenue, Balgowlah, we would like to state our objection to the proposed alterations and additions to the recreation facility outdoors.

The Section 82A review to the refused installation of tennis courts lights on courts 4 & 5 and use of courts until 10.30 pm everyday was submitted on 12/06/2009. At this time, we objected to the proposal as residents who reside directly opposite the tennis courts, at 34 Dobroyd Road, whereby the late night community use and associated courts lights, noise, lack of parking and littering would have seriously impacted our liveability.

Again, the said development proposal is under review, however, as a family of shift workers the blazing lights, noise from players and accompanying spectators, and the inability to park outside our residence impacts on our personal periods of rest and of family time. Family members with young children often stay at our residence, thus, the aforementioned issues impact on their rest time.

The current use of the tennis courts impacts our parking availability, at times, cars block access in and out of our driveway and family members vehicles are unable to park outside the property in the mornings and afternoons. Extending the hours of play at the tennis courts would exacerbate the parking problem as well as the noise, and create issue with the impact of the bright lights.

Obviously, our privacy would be compromised with the said alterations to the facility outdoors, in addition to our liveability, and as rate payers we strongly contest the development proposal.

Please document our objection to Development Application Number DA2023/0720.

Please remove any personal information, name, address, email address, and phone number from any public view.

Yours Sincerely,
[REDACTED]
