**RE: DA2019/1340 - 100 / 0 Meatworks Avenue OXFORD FALLS NSW 2100**

The access to Oxford Falls Grammar School is already so busy in the mornings and afternoons with only the local and school people accessing it a development of this size will affect the traffic tremendously, it will make the parents and local people access to the area much more difficult. please consider opening up a road off parkway urgently for their access at the developer's expense.  
thank you for considering this submission.
