RE: DA2020/1376 - 38 Carrington Parade CURL CURL NSW 2096

This application contravenes several of council's own plans including Section 4.3(1)(b) of the Warringah Local Environment Plan 2011, Warringah Control Plan 2011, B2 number of Storeys or D7 - Views.

As there is a significant height increase from the adjoining properties at 37 and 38A this extension will block the view not only of residents in 16 Beach St but other Beach St residents as well.

38 Carrington St already has an extraordinary view of Curl Curl Beach and this extension gives no consideration to the view of many others which will be taken away or at the very least, degraded.

Regards
Marilyn Murphy
