

WASTE MANAGEMENT PLAN

16 December, 2021

28 Cliff Street,
Manly

PROPOSED ALTERATIONS & ADDITIONS AT: 28 Cliff Street, Manly

DEMOLITION PHASE:

1.5cbm including:

- Rendered bricks
- Window
- Timber framing, decking and wall cladding
- Steel
- Plasterboard
- Carpet
- Staircase
- Ceiling
- Soffit/eaves

Non re-useable waste will be transported to a resource recovery centre for processing. Eg. Kimbriki

Non-recyclable waste will be processed by a licenced waste contractor in accord with Northern Beaches Council Requirements

CONSTRUCTION PHASE:

1.5cbm including:

- Rendered Bricks
- Window
- Timber framing, decking and wall cladding
- Steel
- Plasterboard
- Ceiling
- Paint
- Roof Structure

Recyclable waste will be transported to a resource recovery centre for processing. Eg. Kimbriki

Non-recyclable waste will be processed by a licenced waste contractor in accord with Northern Beaches Council Requirements

ONGOING:

As the works comprise alterations and additions to an existing dwelling house the ongoing waste management will remain the same as currently existing waste procedures for a residential dwelling house in Northern Beaches LGA.
