Subject: DA NO345/16 attention Rebecca Englund
Attachments: IMG_2106.PNG;

Hello,

We have received the DA NO345/16 for the site next door to us(975 Barrenjoey Road, Palm Beach) and we would like to express our support for this proposed plan. Not only does it benefit us by giving us more light and space, it is an environmentally better design for our street...allowing views of the water vs. a solid wall of housing. All of us who are affected by this building project (of almost 2 years) would be most appreciative of a timely decision so that we can move forward and complete in a way that serves us individually and as a community. Please help us resolve this.

Thank you for your consideration,

Molly Campbell
975A Barrenjoey Road
Palm Beach
