RE: PEX2025/0001 - 13 Wilga Street INGLESIDE NSW 2101

My objection to this submission is that it is an entirely inappropriate development in many ways. The extra traffic it will cause will only exacerbate an already busy area where traffic hold ups already occur frequently and the infrastructure just does not exist to support what could be an extra 1000 vehicles on the road.

Additionally to even consider 6 storey apartment buildings is totally inappropriate given the appealing bushland area surrounding and the other residences.

Please don't allow the area to be wrecked.
Thank you
