To whom it may concern,

Re: Bareena Park Tennis Club - Letter of support for court lighting application

Tennis Northern Beaches Association are the head body for the Northern Beaches Tennis centres and clubs in the area. We provide the clubs and centres support, offer development programs and competitions and help facilitate participation of tennis in our area.

With tennis growing in participation across the board in these areas of programs and competition we are pleased to offer our support for this project that Bareena Park Tennis Club are undertaking.

This project would immensely improve the facility and accessibility to the community particularly as after-hours play is extremely popular and is missing from this club and its members. Installation of LED lights in this club would no doubt increase the use of the facility, membership increases and overall participation in tennis. This project would also compliment the club and the recent updates.

We appreciate the effort into this application and look forward to our association member club being successful in this approval.

Kind regards
