RE: DA2025/0869 - 1 Birdwood Avenue COLLAROY NSW 2097

I request that sight poles be erected to clarify the extent of alterations to outlook. I am not as adversely affected as my neighbours at No 15 Brissenden Avenue (nor would I like to be), but nevertheless the proposed development will have an adverse effect on the outlook from the upper storey of my house. I request that I be kept informed of any changes to the development application and Council decisions regarding the application. I also request that Council/planning guidelines re height of walls be observed.
