MRS Nichole Cook
203 Powderworks RD
Elanora Heights NSW 2101
[REDACTED]

RE: PEX2025/0001 - 13 Wilga Street INGLESIDE NSW 2101

I wish to object to this submission

There is no reasonable consideration to the 1000+ cars added to the already busy Powderworks road, and no improvement to Wakehurst parkway and Mona Vale being a political issue with no end in sight.

Public transport to Elanora is already poor with only a bus every hour and the walk to the bus stop from this submission is not close, stating that this development should be for essential workers and the elderly is underestimating the usage of public transport, and means that even more cars will be on the road at peak times.

the proposed dwellings for the submission are not in line with the character of the suburb
